## **IT IS UNLAWFUL FOR CUSTOMERS TO TURN GAS METERS ON/OFF, OR TO INSTALL ANY GAS BURNING EQUIPMENT WITHOUT THE KNOWLEDGE OF THE GAS DEPARTMENT**

## **TEMPORARY DISCONNECTION OF SERVICES**

Should you require temporary discontinuance of water or gas services, please contact Public Service at (954) 746-3232 to schedule the dates for disconnection and reconnection. The service fee for turn-off or turn-on of either service is \$15.00.

**Base charges for water, wastewater (sewer) and natural gas will continue to bill monthly, even when services are off.**

## **PERMANENT DISCONNECTION OF SERVICES**

When premises are permanently vacated due to sale of property, completion of lease term, etc., there are charges to close the utility accounts of vacating utility customers. The service fee is \$15.00 for water accounts and \$10.00 for natural gas accounts. Accounts with water and gas will be charged \$25.00. Customer utility deposits will not be applied to outstanding account balances in order to discontinue services. Deposit refunds due to utility customers will generally be issued within four weeks of the closing of accounts. It is the customer's responsibility to provide a forwarding address.

## **DISCONNECTION OF SERVICE FOR NON-PAYMENT**

Utility bills are considered delinquent if not paid within 21 days of issuance, and services are subject to disconnection if payment is not received within 45 days of billing.

The charge for disconnection and reconnection of water or gas is \$30.00. If water service has been disconnected within the preceding six months, the water disconnection and reconnection charge increases to \$50.00.

Service will be restored after full payment of the past due balance and service charges is received in cash, cashiers check or money order. The City's policy is to attempt to reconnect within 24 hours of payment. However, we strive to provide same day service if possible.

Under no circumstances is any customer or individual other than an authorized City representative permitted to turn water or gas back on. In the event this occurs, a \$100.00 meter tampering charge will be assessed, and service will be disconnected with additional charges.
